PRODUCT OVERVIEW

Our entry level Fastcam 2017 is a cost-effective solution for viewing and recording sewer inspection videos. Easily view, record and playback on a 7" LCD. All videos are recorded to a SD card memory card for portability. A simple plug and play sewer camera that is easy to setup and operate. Built with a straight view camera head that is designed to inspect sewer pipes from 2" up to 6" diameter. Technicians can turn the sonde on and off depending on the inspections. Easy to use camera brightness toggle lets the technicians control the light in any pipe conditions.

Terms and Conditions: Make orders payable to Alliance Technology, LLC. 600 Dekora Woods Blvd., Saukville, WI 53080. We accept Wire transfer, check, Visa, MasterCard, Amex. Payment in full is required prior to shipment. F.O.B Saukville, WI. All prices quoted in U.S. dollars and valid for 30 days and do not include duties and applicable taxes. One (1) Year Limited Warranty.
